

# #safebusiness

CEO fraud, ransomware, mandate fraud and other crimes happen to businesses like yours every day.

Keeping safe online is everybody's business

Internet Safety Starts with

you.

[www.getsafeonline.org/business](http://www.getsafeonline.org/business)

1 Keep your workforce educated

2 Choose and use passwords safely

3 Keep software & operating systems updated

4 Protect *all* devices with internet security software/apps

5 Double-check links and attachments before you click

6 Protect confidential information
